Welcome

Thank you for selecting the Waco Convention Center for your upcoming event. The Waco Convention Center staff strives to maintain the highest level of service, professionalism and performance in the event industry. This guide will provide all of the information about the facility and help assist you through the initial planning process with most event-related issues, including, but not limited to building policies and procedures, fire safety regulations, facility specifications, and inventory.

Please stay in contact with your designated salesperson. Our dedicated sales staff is ready to assist you with your entire event planning needs in order to make your event a success from start to finish.

Administration

The Waco Convention Center's administrative office is located on the lower level of the Waco Convention Center, entrance on Washington Avenue. Office hours are Monday through Friday, 8 AM to 5 PM.

The administration office is closed on Saturdays and Sundays. Site tours of the building are available by appointment during after-hours.

Main Office Address: 100 Washington Avenue, Waco, Texas 76702

Front Desk: 254-750-5810

Fax: 254-750-5801

Convention Center Website: wacocc.com

Convention & Visitors Bureau: wacoheartoftexas.com

Operations On-Call Number

For after-hours assistance during events, clients may call the Waco Convention Center Operations on-call number at 254-640-2565 or at 254 405-5326.

I. General Policies and Information

ADA Accessibility

The Waco Convention Center (WCC) provides access for our guests with disabilities in the following ways:

- Wheelchair ramps and sidewalk curbs are cut to provide access for wheelchairs to both the Lower and Upper Levels.
- Event Office has accessible service window.
- Drinking fountains are accessible.
- Stage ramps are limited and available on a first come, first served basis.
- Thresholds are level with door entrances.
- All restrooms are accessible to standard wheelchairs.
- A passenger elevator is located in the center of the facility, adjacent to the escalator and staircase. The elevator is equipped with Braille indicators, audible tones, and raised letters to provide assistance for visually impaired guests.
- Signs are interpreted for the visually impaired.
- A wheelchair lift is available for the 4' high stage.
- A wheelchair is available on a first-come, first-served basis for use during WCC events.

Alcohol and Bar Service

The WCC has a Mixed Beverage license that is effective throughout the interior of the building. The WCC is the exclusive provider of alcoholic beverages for events. This policy outlines how to handle some of the questions and situations that arise with alcohol service.

Donated Alcohol

Donated alcohol is no longer allowed in the building, per the Texas Alcoholic Beverage Commission (TABC) regulation.

Alcohol as a Gift or Decoration

Per TABC law, wine or alcohol cannot be given as a gift to attendees or as a decoration for a table.

Removing Wine from the Building

Per TABC policy, wine can no longer be removed from the facility, whether opened or unopened, except under the following circumstances:

- The wine must be invoiced through the WCC
- The wine must be served during a meal
- The bottle must be partially consumed

Liquor and beer cannot be removed from the facility under any circumstances, whether opened or unopened. Guarantees are required for all food and beverages, and there are no refunds on unconsumed alcohol.

Charitable Auction Permits

Per the TABC, alcohol used in a Silent Auction, Audible Auction, Wine Pull, Door Prize, etc. may be brought in from the outside under the following conditions:

- The client must obtain a "Charitable Auction Permit" from TABC and comply with all its provisions
- The permit should be posted near the alcohol stock in case the TABC inspects the event.
- The auctioned alcohol may not be opened in the building. One way to ensure this is to mark the wine with the winner's name and hold it until after the event.
- The organization can only be issued one charitable auction permit per year.
- The WCC will have to provide a letter stating the permit holder is authorized to bring in donated alcohol for the auction, wine pull, etc. This letter must provide a contact name, telephone number, exact location, date, and time of the event.

- A Charitable Auction Permit can coexist with the WCC's TABC permit
- Alcohol does not need to be purchased through the WCC. It may be donated or purchased from the outside.

Alcohol Purchased by a Caterer

We allow outside caterers to purchase wine or champagne by the bottle through the WCC catering department for an event they are catering at the WCC. All alcohol purchased through the WCC catering department remains in the control of the WCC.

Table Service for VIPs

Some groups will ask to use an outside caterer to serve drinks at guests' tables. This is allowable under the following conditions:

- All alcohol must be purchased through WCC.
- The caterers' waiters/waitresses must follow all TABC serving regulations, with these three key provisions:
 - All patrons appearing to be under 35 years of age will be asked to produce ID.
 - Do not serve guests who appear to be intoxicated
 - Promptly call security and/or management at the first sign of a disagreement between patrons
- WCC bartenders will pour the beer, wine, or mixed drink into the glass, or provide a beer.
- The caterers' waiters/waitresses must be seller server (TABC) certified. The WCC must obtain a copy of each waiters/waitress' seller server certificate no later than 72 hours before the event.
- The caterers' waiters/waitresses will pick up the glasses from the bar and bring them to the guests' tables, and bus glasses from the tables and return them to the bar area.

Pricing on Alcoholic Beverage Service

Prices in effect at the time food & beverage catering is contracted, must be adhered to without negotiation or discount. Prices for specialty wines or custom drinks may be priced by the Catering Manager. Final invoice will be based on the guaranteed number for bar service that is requested 7 days in advance of the event; no credit or discounts will be given for any product that is not used or returned back to inventory.

ATMs

There is an ATM, located in the upper lobby for client convenience. Due to the contract with the ATM provider, outside ATMs are prohibited. The ATM cannot be blocked by curtains or decorations; there must be clear access for customers to reach it.

Authorized Signature Form

A WCC sales team member will provide an authorized signature form for all meeting/event planners to fill out before their event. This form will provide the names of all individuals who are allowed to make additions during the event, including additional equipment or printed copies to be made inside the WCC office.

Backup Dates in Case of Rain

The WCC is happy to serve as a back-up facility in case of rain for outdoor events within a 12 month timeframe.

The WCC can hold the date for a client without a contract, assuming no other clients wish to lease the space. Once the client does decide to use the room, a contract must be executed. Additionally, if the WCC has a chance to book the room to another customer, a sales staff member will contact the client and give him/her right of first refusal to lease the room. The best way to ensure the room is available for an event is for the client to contract the space. To ensure the WCC has adequate time to set up the event, a final decision must be made at least 48 hours prior to (two business days) the event start time. Please note that for dances, concerts, or events serving alcohol, security is required.

For those events serving alcohol, there are some additional considerations when using the WCC for a back-up facility. The WCC holds a mixed beverage permit covering the entire building, so alcohol must be purchased and served by WCC staff. Security is required for events serving alcohol. All catering rules apply; such as no outside food or beverage, and all food and beverage must be supplied by an approved caterer.

Blocking a City Street For Your Event

In order to request that a city street be blocked for a street party, banquet or other function, please contact the City of Waco's Parks and Recreation department at 254-750-8080 and request a special event permit form. It is the client's responsibility to fill out the form, submit it with the proper fee.

Charitable Donations

Some groups collect canned foods, coats, etc. to be donated to charities after the event. The event planner should make plans to have these items picked up prior to the close of the event, in order to ensure they are received by the correct agency. The WCC cannot store donations and is not responsible for items after the close of an event. Please visit with the WCC sales staff member for further information.

Clean Up and Trash Removal

The WCC Operations staff takes great pride in the care of the facility. Every aspect of the facility is painstakingly maintained to provide you with a clean, attractive environment to host your event and to welcome your members, exhibitors, registrants, patrons and guests.

Clean up and trash removal service is provided during event hours and at the conclusion of events in corridors, public spaces, exhibit hall aisles (excluding exhibit booths) and areas used for meetings. Janitorial services are provided in the restrooms throughout event hours and upon request. Areas inside exhibitor booths, as well as carpeted aisles, are to be maintained by the client and/or the designated general services contractor. The client is responsible for removal of the following items in exhibit areas: bulk trash, crates, pallets, packing materials, lumber and liquids prior to show opening and following move-out.

The client and/or their designated general services contractor are responsible for removing all decorations, signs, chalk, tape and tape residue remaining on floors and walls at the conclusion of the event. Please note tape is only allowed on tiled areas, not painted surfaces. The client is responsible for breaking down and flattening all boxes. The WCC will remove and recycle these boxes as part of our commitment to sustainability practices. Any bio-hazardous waste should be disposed of properly.

If the client leaves decorations or excessive trash after an event, the WCC will bill the client for bulk trash removal and/or excessive cleaning services required, including removal of tape or tape residue and removal of any decorations remaining at the end of the lease period. WCC management will determine the excessive cleaning fee. Please note that any signs, materials or decorations left after an event, including those outside the building, will not be stored and may be disposed of. Roll-off dumpsters may be required at the discretion of WCC management for certain events that generate an excessive amount of trash. When required, the client will contract service through the City of Waco Solid Waste Department, at 254- 299-2613.

Concerts

All concerts at WCC must provide attendee seating. Standing-room-only, or fiesta-style concerts are not permitted. Type and quantity of seating is determined by whether or not alcohol is being served. If alcohol is not served chairs must be provided for at least half the expected attendance. If alcohol is served, tables and chairs must be provided for every person in attendance. Security is required for concerts when alcohol is served or large crowds are expected.

Contacts

All staff may be reached by calling 254-750-5810 during normal business hours (8 am to 5 pm, Monday through Friday).

Please see the staff page on the WCC website at wacocc.com/contact-us/staff.

For after-hours assistance during events, clients may call the Operations on-call number at 254-640-2565 or at 254 405-5326.

Contracted Hours of Meeting Space

Meeting space at the WCC is contracted daily from 7 AM – Midnight. If a meeting planner needs into the room before 7 AM, an early entrance fee is assessed. If a planner needs the room until 1 AM, an after midnight charge is assessed. The building closes at 2 AM and is not available for rental past 1 AM.

Damages to Equipment

Any damage incurred to the WCC or equipment must be reported to WCC staff immediately. Client may be held responsible for any lost, missing, or damaged equipment, or damages to the building itself. An incident report will be completed and photographs taken, per City of Waco Risk Management policies. WCC management may require a walk-through to inspect damages or excessive cleanup after an event. Clients may also request a walk-through inspection to determine pre-existing conditions, and conditions after the conclusion of the event.

Decorations

Any items clients bring in must be brought out. Please refer to the "Fire and Life Safety" section for detailed information on fire codes that pertain to events and decorations. All decorations, signage and banner installation methods and materials used must be approved by WCC Management prior to being installed. All decorations in common areas must be pre-approved seven (7) business days in advance, and must not interfere with other events or with access to the building. This includes access to restrooms, other meeting rooms, emergency exits, concession area, stairway, escalator, etc.

All decoration materials, signage and banners must be completely removed by the client at the conclusion of the event. The WCC will dispose of any decorations or other materials left at the conclusion of the event. This may incur an excessive cleanup fee. The WCC staff offers a banner hanging service for the client's convenience; please check the fee schedule for rates.

Hanging and Attaching Decorations and Equipment:

- All decorations must be treated or be fire retardant.
- Decorations, signs and banners may never be nailed or stapled to ceilings, walls, windows, or any WCC equipment, including tables, chairs and staging.
- Items may not be hung or attached to light fixtures, ceiling grid, emergency signage, air conditioners, return air grills, ducts, or fire sprinkler system pipes.
- Rigging, including lighting, speakers or audio visual equipment, may only be attached to structural members in the two exhibit halls (Chisholm Hall and McLennan Hall). Rigging cannot be attached to any WCC mechanical system or equipment such as air ducts, electrical conduits, plumbing, acoustical baffles, or sprinkler pipes. Please note that if additional time is required for rigging or other decorating/setup, client will need to arrange for and pay for the extra time.
- The WCC's decorative plants cannot be moved due to the contract with the plant vendor.
- The use of any form of Velcro, foam- backed tape, stick-on decals, badges or similar items on any surface, including painted and portable walls, must be approved in advance by WCC staff.
- Decorations and signs may be taped to tiled areas only, and all residue must be completely removed.

Marking Floors and Carpeted Areas for Shows:

- Gaffer's tape, painter's masking tape and chalk are approved for marking lines in the exhibit halls (Chisholm Hall and McLennan Hall), but must be removed at the conclusion of the event.
- Shoe polish is strictly prohibited for marking floors.
- Utility grade gaffer's tape is approved to place markers or lines on the Brazos Ballroom floor, as well as carpeted areas of the facility; but it must be removed at conclusion of event.

Balloons

- Helium-filled balloons are allowed in the facility. However, if balloons float to the ceiling, the client will be charged for excessive cleanup costs.
- Mylar balloons are prohibited due to fire code.
- CO2 and helium tanks cannot be freestanding; they must be secured per Fire Department code.

Smoke/Fog Machines

- Smoke, fog, or vapor machines are not allowed due to the sensitivity of the fire protection system. Anything that produces steam, smoke, fog, or vapor, is prohibited, unless approved in advance by WCC Management

DJ/Bands

- Smoke, fog, water vapor to create “walking on clouds” effect, and/or pyrotechnics (either hot or cold) are not permitted in the WCC by DJs, band, or decorators.
- If an event has a DJ or band that needs more than two power outlets for equipment, a band box will be required for the event.
- The WCC must avoid putting too many electrical items on the same circuit in certain rooms, to avoid tripping the circuit breaker. Notes: Lighting requires a lot of electricity.
- Clients must check to see if staging is needed for a band or DJ before the 7 working day deadline. If a client does not use a stage for the band, carpet squares must be placed under the drums to avoid damaging the floors. Stages are not required for a band or DJ. Bands or DJs must keep their volume at a reasonable level.
- Bands/DJs may not rehearse the day prior to an event unless the space has been rented for a setup day by the customer.
- Band/DJ equipment must be torn down the night of the event unless the room has been rented for a tear down day.

Defibrillators

Automatic Electronic Defibrillators (AEDs) are available in the upper and lower lobbies.

Delivery and Pickup of Items—Exhibitors

All deliveries and pickups of exhibitor materials should be arranged through the show's General Contractor. There is a drayage/storage charge for deliveries of exhibitor items prior to show start. See Freight Receiving/Drayage section for more detail.

Deliveries of Other Items

These deliveries include UPS and FedEx shipments, and delivery of show manager's or event planner's materials. No freight deliveries will be allowed through the main entrances on the Washington Avenue side (under the porte-cochere) or on the hotel walkway side of the building. Deliveries must be arranged in advance by calling the WCC office. All deliveries should be made to the service entrance on the Washington Avenue side of the building.

Deposits

The amount a convention client's deposit is due upon execution of the contract and the remaining estimated balance is due seven (7) business days prior to the event. Any remaining charges are billed immediately after the event.

The amount of a one (1) day event is due upon execution of the contract and the day of the event, the amount must be paid in full. Any remaining charges are billed immediately after the event.

Directions to the Waco Convention Center

- **From Dallas:** Traveling south on I-35, take Exit 335B, University Parks Drive. Turn RIGHT onto University Parks Drive. You will go over one set of railroad tracks. Follow it until you arrive at

Washington Avenue. Turn LEFT on Washington Avenue. The Convention Center will be on your left, facing Washington Avenue. It is across the street from the historic Suspension Bridge.

- **From Austin:** Traveling north on I-35, take Exit 335B, University Parks Drive. Turn LEFT onto University Parks Drive. You will go over one set of railroad tracks. Follow it until you arrive at Washington Avenue. Turn LEFT on Washington Avenue. The Convention Center will be on your left, facing Washington Avenue. It is across the street from the historic Suspension Bridge.
- **From Houston:** Traveling north on Highway 6, take the Orchard Lane exit. Turn LEFT onto Orchard Lane. Follow Orchard Lane until you reach Martin Luther King Blvd. Turn RIGHT. This will be at McLane Stadium, Baylor's football stadium. Follow Martin Luther King Blvd. until you arrive at Washington Avenue. Turn LEFT on Washington Avenue and cross over the bridge across the Brazos River. The Convention Center will be on your left, at the corner of Washington Avenue and University Parks Drive.

Dog Shows

Meeting planners who host a dog show at the WCC are ultimately responsible for the liability and sanitary needs associated with the animals and all damages incurred during the event held at the WCC.

The WCC will always welcome service animals. The ADA defines a service animal as any dog (ADA approved animal) that is individually trained to do work or perform tasks for the benefit of an individual with a disability, including a physical, sensory, psychiatric, intellectual, or other mental disability.

With the exception of ADA service animals, nonparticipating animals are not allowed in the facility without prior written approval. Approval is based on animals that are part of a show, exhibit or activity requiring the use of animals. Animals falling under this category must be registered and follow the show guidelines and abide by show policies. If attendees bring animals into the WCC for any of these reasons, the meeting planner is responsible for the clean-up, proper waste removal, and any damages the animals may cause.

Every event is different and the general policies, rules & regulations cannot conceivably cover every possible scenario. If there is anything that is not covered expressly in this document, please know that the WCC reserves the right to determine necessary considerations or stipulations on an as-needed basis. WCC's sole effort is to insure the success of the event and safeguard the safety and experience of all visitors. These general policies, rules and regulations are subject to change.

The planner of the event must agree to the following:

- A protective waterproof coating such as visqueen or plastic must be used to protect all floors and carpeted traffic flow areas adjacent to bathrooms.
- WCC prefers that all animals be supervised by owners and remain on a leash or kenneled if show policy requires.
- Grooming stations / bathing stations must be located outside of the WCC facility such as adjacent parking lot.
- Animals must use restroom outside the WCC facility. Owners & Volunteers are required to monitor and clean outside areas of fecal waste. All fecal waste must be properly bagged before disposing.
- Event Organizer responsible for cleaning all animal "accidents" for the contracted indoor room space. This includes properly bagging and disposal of all absorbents and waste.
- The main entrance & exit of the dog show will be at the back of Chisholm Hall off 3rd Street.
- Animals are not permitted within 50 ft. of any food service preparation or service area. The only exception is the ADA service animals.

Electrical Services

The WCC is equipped with a limited number of standard 110 outlets in all rooms. Power for exhibitor booths is supplied through electrical connection boxes connected through floor jacks, or from wall plugs, depending on booth location. Please coordinate the placement of booths requiring power with the facility, to minimize the number of cords running under carpet. Power outlets on the walls should be utilized first.

Please note that there is a charge to use power outlets on the walls when used for exhibit booths. Power must be ordered in advance using the Electrical/Internet Service form from the General Services Contractor for the show and are subject to deadlines. An exhibitor may not share electrical outlets with another exhibitor.

Each outlet contains two sockets. Exhibitors or Decorators must not "daisy chain" power strips or extension cords when needing additional outlets, per the Fire Marshal. Instead, please order additional outlets to be installed for the booth. Also, please note there are limits on the number of outlets that may be installed per booth, based on how many are needed in the vicinity. Please refer to the "Fire and Life Safety" section for detailed information on fire codes that pertain to electrical service. For higher power requirements, such as what is needed to accommodate musical groups, please check with Building Operations Staff at the time of booking to ensure the WCC can meet the electrical requirements of the event. WCC Management must approve all electrical equipment prior to the event. Charges may be assessed to the responsible client for additional labor and materials associated with special electrical needs.

Not all meeting rooms in the WCC have the same capacity to accommodate electrical needs of the group.

Elevator/Escalator

A passenger elevator is located in the center of the facility, adjacent to the escalator and staircase. The dimensions of the passenger elevator are as follows:

- Door Clearance: 7'
- Clearance Width: 43"
- Clearance Depth: 7' 6"
- Weight Load: 3,500 lbs.

An escalator and staircase are located in the central lobby area. Restarting the escalator after an emergency stop may require a service call from a professional escalator service company. Escalators and lobby elevator are for passengers, not for vendor/service personnel use. All equipment shall be transported utilizing the freight elevators only. Service elevators and service corridors are available for use only by WCC staff and select service providers, such as caterers, upon prior arrangement.

No equipment may be transported on escalators. This includes easels, chairs, tables, wheelchairs, baby carriages and other similar devices.

Emergencies

In the event of an emergency, please notify any WCC staff immediately, or call 9-1-1. All incidents must be reported on an Incident Report form prior to the close of the event. This form may be obtained from WCC Management. Automatic External Defibrillator (AED) devices are available in the Upper and Lower Lobbies.

Evacuation Plans

WCC staff members are trained in how to handle evacuation of the facility. In the event that emergency evacuation needs to be implemented, facility users must be aware of the following:

- The decision for emergency evacuation of patrons is to be made only by WCC Management.
- WCC Management will make the emergency telephone call to the fire and police department.
- WCC staff will issue evacuation instructions for all patrons.

Equipment and Floor Plan Approval

A signed WCC Confirmation Sheet, including all final equipment numbers, audio/visual needs and the final approved floor plan, is required at least seven (7) business days prior to the start of the contract. Smaller events may not require a floor plan generated by the WCC's layout program. All floor plans must be approved by WCC Management. The WCC does not accept floor plan drawings from decorators until they are approved by WCC Management.

Floor plans will be reviewed by WCC Operations staff to ensure they meet WCC facility regulations, safety and fire codes. Management reserves the right to forward layouts to the City of Waco Fire Marshal for final approval. Floor plans should not be published or disseminated to event attendees or exhibitors before receiving WCC management final approval.

Decorator Floor Plans must be approved by WCC management, and should clearly show the following:

- Client Name and Date of event
- Name of the room (s)
- Name of General Service Contractor, if applicable
- Labeled locations of all emergency exits
- Decorating and pipe & draping plans for common areas

Floor plan diagrams are available for download at wacocc.com/planners/floor-plans

Exhibitor Load-in and Load-out

Load-in/out for exhibitors must be done through the location designated for that room or hall. This is due to the fact that the WCC has many meeting and exhibit halls which may be in use by multiple clients at a given time. The General Service Contractor for that show should specify the correct loading area for each show. If there is any question as to which access point should be used, please check with the show manager or WCC prior to arrival.

- **Chisholm Hall:** A loading dock and a loading ramp are located at the end of Chisholm Hall, on 3rd Street, between Franklin Avenue and Washington Avenue.
- **McLennan Hall:** A service corridor, that is accessible from the 3rd Street side, is available for load-in and load-out. The doors and ramp can accommodate pallets that are 48" wide or less. Vehicles with a lift gate need to be used.
- **Brazos Ballroom:** A loading dock is located near the room on University-Parks Drive, between the Convention Center and the Hilton Hotel.
- **All Lower Level Rooms:** Please use entry doors on University Parks Drive. With prior arrangement, the Service Delivery entrance facing Washington Avenue may be used.
- Vehicles are prohibited from driving on pedestrian areas around the facility.
- Vehicles should promptly be moved away from loading area to make room for others.
- Please be aware of all signed and marked Fire Lanes. Parking in a Fire Lane, even for loading or unloading, is illegal and may result in a citation or towing.

Firearms

Both open carry and concealed carry firearms are allowed in the WCC under state law, with the following exceptions: 1) in the meeting room where Waco City Council is meeting; 2) in the meeting room while voting is taking place; and 3) other times as required or permitted by law. The required signage will be posted outside the meeting rooms where firearms are not allowed. Gun shows present a special circumstance with a special set of rules; consult with your salesperson for information.

Fire & Life Safety Regulations

Please refer to the Fire and Life Safety section of this brochure for information from the Waco Fire Department. The client, general service contractor, exhibitors and all event personnel must comply with all federal and municipal fire and safety codes that apply to places of public assembly. The City of Waco Fire Marshal makes regular inspections of the WCC and events taking place. Any questions about Fire and Life Safety regulations should be directed to the Waco Fire Department, 1016 Columbus Avenue, Waco, TX, 76701. Phone number is 254-750-1740.

Floor Load Limits

The WCC has defined specific maximum load capacities for Chisholm Hall. The client, general service contractor or exhibitor intending to exhibit any type of heavy equipment is required to comply with these maximum load capacities for the safety of patrons, and to prevent any damage to the WCC. Please see WCC Salesperson for more information.

All heavy equipment must provide a completed Weight Dimension Form/equipment specification sheet at least fourteen (14) business days prior to move-in. A Certified Weight Ticket indicating the total weight of the vehicle or equipment may be required as well. Weight Dimension Forms must be approved by WCC Management before equipment will be allowed to enter the facility. WCC Management reserves the right to request a Certified Weight Ticket for any equipment that has not been pre-approved or that appears to exceed the weight limitations.

The Weight Dimensions form is available at <http://www.wacocc.com/online-forms/maximum-dimensions-form/>. A new Weight Dimensions Form is required before every event even if the equipment has been allowed into the building previously.

Food Service by Exhibitors

Exhibitors may serve small free samples of food or non-alcoholic beverages (4 oz. or less).

Each exhibitor must obtain a Temporary Food Permit from the Waco-McLennan County Health Department and follow all Health Department regulations. Please contact the Health Department at 254-750-5464 with any questions or to obtain the required forms.

A hand washing station with hot and cold water must be available in the booth itself; WCC rest-rooms are not a substitute. No food prepared in a home kitchen is allowed unless the kitchen is approved by the Health Department. Exceptions are caterers in McLennan County who currently have a Food Permit/Health Department Certificate. WCC must have a copy of current caterer's permit prior to the event.

Within guidelines, cooking may be done inside the facility. All Fire and Life Safety Guidelines must be followed. Cooking must be approved in advance by the Food & Beverage Coordinator.

Food service must also follow all catering regulations and may be subject to the 25% catering fee. When cooking and/or serving hot foods, the booth location must be approved by WCC staff in advance due to fire sprinkler sensitivity.

Prepackaged items are acceptable for sale in booths. Prepared food and beverages can only be sold in the facility if all Health Department regulations are followed. Food & beverages that compete with WCC's food & beverage services may be disallowed. Per TABC regulation, all alcoholic beverages must be purchased through WCC Food & Beverage department, even for sampling purposes.

Ice chests containing food for personal consumption cannot be brought into the WCC. For any questions, please contact the WCC Salesperson.

Health Department inspectors and Fire Marshals will generally walk the exhibit floor prior to show opening and during the show itself to ensure compliance with codes.

Freight Receiving and Storage

The WCC does not have storage space to store freight. The client, or designated general service contractor, is responsible for all freight storage. Exhibitors must arrange for both the storage and the removal of all pallets, crates, boxes, etc. with either the client or the general service contractor. Freight is not accepted at the WCC prior to the first day of the show. The WCC does not unload freight. Freight should be sent to the show's general service contractor (show manager) or the client's hotel. Please consult the fee schedule for freight charges inadvertently sent to the WCC.

Internet Access

Free wireless internet is available throughout the building, including Upper and Lower Lobbies, as well as

all meeting rooms. The network is named "ccpublic." A password is required; please check with WCC staff to receive one. Hardwire internet connections are available in nearly every room for a per day fee. This service must be ordered in advance using the Electrical/ Internet Service Form, no later than two (2) days prior to the event to receive the discounted rate. Each show has a customized form with discount deadlines specified. The Electrical/Internet Service form is available in the Forms section of this document. The wireless internet connection runs at 1 Gig and is provided by Grande Communications. Please note that the WCC cannot guarantee 100% uptime on internet connections.

Key Access Cards

The WCC process all request for building card keys, and scheduled locking and unlocking of leased space. Please contact an Operations Manager at the on-call number during an event, at 254-640-2565. Or, the main office can be contacted at 254-750-5810 to get a room locked or unlocked.

Card key must be returned at close of event to avoid a lost key fee. Please return card key to the main office at the end of the event. Or, call the WCC Operations on-call number at 254-640-2565 to return the key to the on-duty Operations Manager. Customers who receive the card key assume the responsibility for locking and unlocking their leased space. The WCC respects customers' security and privacy, but will enter the leased space in order to pick up trash, straighten the area, and turn on/off lights. WCC staff will coordinate daily servicing of the locked spaces with event planner/organizer and management.

Liability Insurance

Your contract requires you to carry liability insurance for your event. Please refer to your contract for specific insurance requirements including limits and additional insured requirements.

Lobbies

The Upper and Lower Lobbies and public corridors may be decorated and utilized for events when specifically rented by the client. Permanent fixtures and equipment in public spaces, such as information kiosks, plants, and water fountains may not be blocked or moved. Only WCC staff is authorized to move permanent fixtures and equipment. The plants inside the WCC cannot be moved, removed or used as event decoration. Damages to plants will be charged to the customer.

WCC concession areas may not be blocked without prior WCC Management approval.

Lost and Found

Unclaimed articles are turned into the WCC Front Office after events. Unclaimed articles are stored at the WCC for a 30-day period. Those left beyond 30 days will be disposed of as directed by WCC Management and are generally donated to local charitable organizations. Please call 254-750-5810 to describe the lost item.

Medical Emergency

A First Aid area can be staffed with medical professionals at the client's expense. If there is not a First Aid area for a meeting, and someone falls ill and seems to be in need of medical attention, staff may ask if the person would like an ambulance called. If the person is not able to give consent due to their condition, an ambulance will be called. Please note that the person transported is the responsible party for any expenses incurred for ambulance transportation. An Incident Report must be filled out for all such incidents. Please obtain this form from WCC Management.

Motorized Equipment in the Building

Forklifts, golf carts, and some motorized equipment, such as lathes, are allowed in the WCC; however, qualified personnel must operate and tend the equipment. All floor surfaces, carpet or non-carpeted, must be protected from the equipment. Forklift operators must be certified. These should not be operated during exhibit hours due to fumes. The operator must not leave the operating equipment unattended while inside the WCC. Any damages to the WCC caused by the operation of the equipment must be reported to the WCC Operations Manager on duty immediately. Only two motorized machines may be running in the building at

one time, due to air quality issues.

Motorized Vehicles in the Building

Car and equipment shows are no longer allowed in the building without passing the weight assessment. A small number of promotional vehicles (such as sponsor cars) are allowed in front of the WCC. Consult with a WCC sales staff member for more information. There is an overall limit of five (5) such vehicles, and there must be a tarp or other protective cloth under the wheels and oil pan.

Vehicles may be driven into Chisholm Hall for unloading only if allowed by WCC Management. Only one motorized vehicle may be running in the building at one time, due to air quality issues.

Novelty Sales

The WCC reserves the right to charge a 10% novelty commission on novelty sales to any event that sells tickets to the general public. Items subject to this commission include t-shirts sold during concerts and public events. The fee will be included as part of the WCC contract.

Ordering Additional Equipment During Event

Meeting planners are able to order a limited amount of equipment during their event, if needed. Operations Managers will bring yellow Equipment Order Form to any person on the authorized signature form during their event. Operations staff will not be able to provide the additional equipment without authorization for meeting planner or signature on yellow Equipment Order Form.

Parking

The WCC has free parking around the entire convention center. There are over 900 parking spots located in nearby parking lots and on the street.

Promoting Events

All posters, flyers, and other advertisements promoting events taking place in the WCC must be pre-approved by WCC Management. Any mention of alcohol must meet TABC rules and regulations.

The Waco Convention & Visitors Bureau (CVB) offers free promotional assistance for events open to the general public. Contracts and deposits must be received before any promotions take place. Please contact the Waco CVB Marketing Department with event details, including hours open to the public, admission, and event description, and staff will add to the calendar of events. Upon request, event information will be posted by marketing staff on the WCC Facebook page as well as the WCC Twitter account.

The WCC's website, wacocc.com, features an online calendar of events listing of all WCC events. Please fill out the Events Calendar Listing Form at the back of this manual to ensure the event is presented properly online.

Events open to the public can also be added to the Waco & the Heart of Texas website calendar. Simply visit the website at [wacoheartoftexas.com/ events/](http://wacoheartoftexas.com/events/) and follow the link to submit an event.

Promotional Items

All events taking place in Waco with overnight stays may receive free visitors guides, maps and coupons. Promotional Items provided by the Waco CVB are funded by Hotel Occupancy Tax; therefore, the Waco CVB offers the following items to groups that utilize Waco and Hewitt hotels. The hotel name and number of rooms that have been blocked will need to be provided. Items may vary depending on current availability. Events with the minimum number of room nights are eligible to receive the following items at no charge:

- Name badges
- Waco pins
- Bags
- Waco Visitor Guides

- Waco Maps
- Waco Coupon Books

Recycling and Sustainability Practices

The WCC is committed to supporting and encouraging sustainable or "green" practices in our operations and in the planning, coordination, and servicing of events in our facility.

Energy costs are a tremendous expense on the day-to-day operations of the WCC. Event planners can help reduce these costs in the following ways:

- Keep overhead doors closed as much as possible to reduce heat/air conditioning loss
- Don't allow exhibitors to prop open outside doors
- Turn off lights in unused meeting rooms.

The WCC's sustainability practices include:

- Recycling collection bins in all meeting and lobby pre-function areas. Items for collection are marked on the bins.
- Cardboard collection and recycling is handled by Staff.
- China, glassware and flatware is available for catered events.

Security

The WCC does not provide onsite building security. Any event classified as a concert, a dance, or where alcohol is being served, is required to arrange for security. Security may also be required at the discretion of the WCC Director. The number of officers required for events will be determined by the number of attendees and nature of the event. Events cannot be opened to the public until security requirements have been met. Please note that the client is responsible for the behavior and safety of the guests and children attending their event. Children should be attended at all times.

Requirements for Security Officers

- Officers must be in place 30 minutes prior to the event start, as well as 30 minutes after the conclusion of the event. Officers must be present 30 minutes before alcohol is served at the bar and 30 minutes after the bar is closed.
- Alcohol cannot be placed in a room until the officer is in place.
- All contracted security officers are required to be Licensed Peace Officers in the State of Texas and commissioned by city, state, or county; and must provide the proper documentation to the WCC management in advance of the event.
- Security Officers are paid directly by the client, and generally expect payment at the beginning of the shift.
- Security Officers are required to be in uniform while on duty at the WCC.
- Security Officers are expected to facilitate crowd control, monitor entrances and exits to the WCC to ensure that alcohol and weapons are not brought into the WCC; ensure that no smoking takes place in the building; and prevent or stop altercations from occurring within the facility or parking lot.
- Security Officers are expected to inform the event manager when witnessing any potentially unsafe actions such as unattended children or unauthorized people attempting to enter events, etc. and to take action immediately where appropriate.
- Security Officers shall notify the WCC on-duty Operations Manager verbally and in writing of any incidents that occur inside or outside the building, such as altercations, theft, property damage, or injury to attendees. An Incident Form must be filled out prior to leaving the shift.

The client has the option to contract additional 24-hour security for special events or tradeshow if desired. Approval by WCC Management will be required for overnight security inside the WCC. All cartons, packages or containers brought into or being taken out of the WCC by event personnel, vendors and attendees are subject to inspection by Security Officers and WCC Management.

To utilize the services of off-duty Police Officers or McLennan County Sheriffs, please contact the

departments directly at the following numbers:

- City of Waco Police Department: 254-749-9346 or 254 750-7500 (Det. Stacey Blair, contact)
- McLennan County Sheriff's Department: 254-757 -5000 (Sgt. Brad Bond, contact)
- Executive Elite Security: 254-855-9642

Service Animals

Service animals are permitted in the Waco Convention Center. Owner must clean up after animal. Pets are not allowed inside the Waco Convention Center.

Sound System

Each meeting room has a sound system intended for speaking purposes. The house sound system is not intended for musical performances.

Upon request, one standard wired microphone will be provided in each room rented by clients, on a complimentary basis. Additionally, a limited number of wired microphones, handheld and lapel wireless microphones are available for a per-day fee. Multiple microphones (up to 4 microphones) require the rental of a mixer. If additional microphones are needed, an outside A/V company will need to be used.

The WCC does not supply Sound Technicians to monitor sound levels and quality in meeting rooms and banquet spaces. It is recommended that the customer utilize an outside Sound Technician during large banquets, large assemblies, and when numerous meeting spaces are operating simultaneously. Clients can choose to bring in a standalone sound system. However, only WCC equipment (i.e. mixers) can be connected to the WCC sound system. Sound levels must not interfere with other events in the building. A public address system can be made available to event planners leasing the entire building; a wired microphone will be placed at the Event Office counter upon request.

Staging/Risers

The WCC has self-contained mobile folding staging units available for rental. Staging is available in two heights: 24", and 48" high. There is a limited amount of 16" high staging pieces which must be used in the Texas and Ranger rooms due to the ceiling height.

Each section of stage is 6' by 8' and can be used to construct numerous sizes of stages. For safety reasons, stacking stages on top of each other is not permitted. The stage rental fees include the use of the steps and skirting to mask the front and sides of the staging. Chisholm Hall is equipped with a master stage that is available for rental. The WCC does not have choir risers or drum risers. A ramp or wheelchair lift is available upon request for ADA accessibility to the stage.

Telephone Service

If telephone lines are needed, the client is responsible for coordinating service with AT&T. AT&T provides analog telephone lines. Please contact AT&T directly at 800-499-7928 for line activation or installation. Please note that line activation is not available in all rooms, and AT&T will require lead time to install.

Tentative Holds on Event Dates

For events with a largely local audience, a date can be held on a tentative basis without a contract for up to ten (10) working days. After this time, the WCC reserves the right to release those dates without notice to the client. Upon issuing a contract, the client has ten (10) working days to return it signed and with a deposit. If the contract and deposit are not received within ten (10) days, the WCC reserves the right to release those dates without notice to the client.

Tobacco

Waco City Ordinance prohibits all forms of smoking and tobacco use, including e-cigarettes and vape-cigarettes, inside city property. This includes all rooms, balconies, and foyers. Smoking is prohibited in an enclosed area consisting of a roof and two walls. This applies to both patios and porches. This ordinance requires that there is a minimum of 15 feet beyond the porch of the building, not the doors, where smoking is prohibited.

Water Connections

Water connections are available for use in two (2) wall locations in Chisholm Hall.

An initial connection fee will be charged to the client. Please coordinate the placement of booths requiring water with WCC staff. The client, general service contractor or exhibitor must provide adapters and regulators. Any damages incurred from improper installation, usage, leaks, or defective equipment will be charged directly to the client.

II. Catering, Food & Beverages

Alcohol and Bar Service

The WCC has the exclusive right to sell and serve all alcoholic beverages throughout the facility. The WCC operates all bar service under current Texas Alcoholic Beverage Commission laws, rules, and regulations, as well as policies established by the WCC and City of Waco. Per Waco City Council decision in 10/2016, the entire WCC is covered under the WCC mixed beverage permit. Therefore, all alcohol, beer and wine must be purchased through the WCC Catering Department. Please check with your salesperson for more information on this.

Security is required for all events where alcohol is served; please see the Security section for more detail. The Regulations Agreement for Alcohol and Bar Service is included with the contract and must be signed when alcohol or bar service is used. Note: Bars typically close 30 minutes prior to the end of the event. Please contact the salesperson to discuss all bar service needs, availability and pricing.

The Kiosk at the Convention Center

The Kiosk at the Convention Center is located in the Upper Level of the WCC and is open only during larger events. Cash and credit cards are accepted. Please check with your salesperson for more information.

Donated Food and Beverage

Per City of Waco policy, all food and beverage donations must be requested in writing to the Sales and Service Manager, no later than seven (7) business days prior to the event. The letter must be on the donating caterer's letterhead and indicate the products and quantities to be donated and the date and time the product will be delivered. An email can be accepted if it contains all the information specified above and is forwarded or originates from the donating vendor's email address.

Donations of non-prepackaged food and beverage may only be provided by a pre-approved licensed professional caterer. All Waco-McLennan County Health District rules and regulations must be complied with. Please note that the WCC is not responsible to store or serve donated foods or beverages, nor to dispose of unused food. The WCC can supply serving utensils, trays, cups, dishes, napkins, ice, or other supplies at normal prices. Please contact the salesperson for more information. Food & beverages purchased with monetary donations or donated gift cards are not considered donated food and beverages.

Sampling Procedures

In recognizing the purpose and nature of some organizations associated with the food industry, the WCC will permit the sampling of food and beverage in accordance with the following guidelines. Sampling will be permitted only for the purpose of promoting the product being sampled. The sample must represent the sampled product either as a manufacturer, producer, or broker and be present the duration of the event. Samples are allowed only in sample sizes.

A guide to sample sizes is as follows:

- ½ oz. - Candies and Confections
- 1 oz. - Pastries and Cheeses
- 2 oz. - Bulk foods such as meats

- 3 oz. - Soups, stews, chowders, gumbos
- 4 oz. - Approved soft drinks & juices

There are some items to be sampled that are not listed above which can be considered individually. The intent is to fairly manage the promotion of these product samples. If food items are given out that exceed these sizes, a charge of 15% of the estimated value of the items will be added to the master bill. This is to be fair to other caterers who are subject to the 15% fee.

The client is responsible for maintaining proper sanitary service conditions, hauling and disposal of bulk wet trash, the proper disposal of grease, water and other liquid refuse.

The client is responsible for adhering to all City of Waco and McLennan County Health Department requirements. It is the responsibility of the client to contact Waco-McLennan County Health Department to obtain the required permits and licenses in accordance to the city, county and state health regulations. Please contact them at 254-750-5464 with any questions or to obtain the required forms.

In-House Catering

The WCC Catering Department can provide a range of services including break refreshments and bar service. Products and pricing vary depending on event needs and number of guests. Please contact your salesperson to discuss all catering needs, available services, and current pricing.

Outside Caterers

The client may choose an outside caterer from one of the WCC's approved caterers. Please note that all outside catering is subject to a 25% catering fee paid to the WCC by the caterer.

The Caterer's 25% fee allows the Caterer to provide catering services in the WCC; covers the cost of setup of the Caterer's serving and preparation tables, and preparation areas for functions; covers the use of the prep Servery Kitchens and the Main Ware-wash Servery, which is adjacent to the WCC Kitchen and is available for dishwashing and dish rental; covers the cost of reasonable trash removal and after-event cleaning by WCC; allows the WCC to offset the cost of providing services to customer; and assists in improving the WCC food service facilities.

Caterers may be added to the approved caterers database if they meet the criteria. The caterer may contact the WCC offices at 254-750-5810 for information on becoming an Approved Caterer. Outside caterers will cover all banquet and serving tables as needed for each event. All caterers must have a signed agreement on file with the WCC indicating their understanding of WCC rules and regulations.

Serveries

Please note that all caterers serving customers at the WCC have access to the ware-wash in the Main Servery, with prior arrangement.

Catering Servery Locations

- The Main Servery - includes stainless steel prep table and multiple electrical outlets, and a hand-wash sink. Accessible from the street on Washington Ave. side of building.
- Chisholm Hall Kitchen Servery - includes a 3-part sink, 6-burner electric range with vent-a-hood; walk-in cooler, ice machine, multiple electrical outlets, and a hand-wash sink.
- McLennan Hall Servery - includes a 2- part sink, multiple electrical outlets and a hand-wash sink.
- Brazos Ballroom Servery - includes a 2- part sink, ice machine, stainless steel prep table, multiple electrical outlets and a hand-wash sink.
- Texas Room Servery - includes a 2-part sink, multiple electrical outlets and a hand-wash sink.

Catering Servery Procedures

- You are responsible for leaving the space in the condition it is received. It is advisable that you request a walkthrough with catering.
- Clean all surfaces.
- All plates must be scraped prior to washing. Debris must be removed from sinks and sink drains.

- Remove any debris from floor and floor drains.
- Close cooler/freezer doors.
- Make sure to remove all food from the server space including coolers/freezers, shelves and tables.
- Remove ALL equipment that belongs to you, including hotboxes, boxes, crates, loading equipment, tablecloths, tables and decorations.
- Mop floor and clean out mop bucket.
- Turn out lights and close all doors.
- Any infractions could result in an excessive clean up fee, which will be charged to the caterer.

These procedures are meant to protect the WCC and the Caterers who utilize the space provided. Please inform the WCC Catering staff immediately if any problems exist which would prevent compliance with these procedures.

III. Fire and Life Safety

This information is courtesy of the Waco Fire Department. It has been prepared to assist you in ensuring exhibitors, meeting planners and others are aware of Fire Codes that may affect your use of the WCC.

Exhibitors and Exhibit Managers - General Requirements

- Flame Retardant Treatment- All decorations including but not limited to drapes, signs, banners, acoustical materials, cotton, hay, paper, straw, moss, split bamboo, woodchips and foam core shall be rendered flame retardant.
- Exit signs shall be visible from any location in the room. If not, temporary signs shall be posted.
- Exit signs shall be clear of all obstructions at all times.
- Booth construction shall be substantial and fixed into position for the duration of the exhibit. Chairs, signs, and demonstration areas shall not be placed in the required width (minimum of 8 feet) of any exit.
- All exits within the building shall not be obstructed in any manner and shall remain free of any material where its presence would obstruct or render the exit hazardous.
- Compressed flammable gases are prohibited inside building. One-pound cylinders for jewelry manufacturing are acceptable. Exception: The limited use under special circumstances may be allowed when approved by the Fire Marshal or his/her representative. Stipulations shall be written for each exhibit and/ or show.
- Compressed gas cylinders shall be adequately secured to prevent falling or being knocked over (such as helium tanks).
- Fire extinguishers, hose cabinets, fire hose connections and other fire appliances shall be maintained clearly visible and accessible at all times.

Open Flame Devices

Open flame devices are prohibited with the following exceptions:

A small number of candles or decorative lighting may be used when approved by the Fire Marshal or his/her authorized representatives. Candles and other decorative lighting shall comply with the following:

- Liquid or solid-fueled devices containing more than 8 ounces of fuel must self-extinguish and not leak fuel or wax at a rate of more than ¼ teaspoon per minute if tipped over.
- The device or holder shall be designed so that it will return to the upright position after being tilted to an angle of 45 degrees from vertical. Exception: Devices that self-extinguish if tipped over and do not spill fuel or wax at a rate of more than ¼ teaspoon per minute

Flame shall be enclosed, except as follows:

- Opening on sides shall not be more than 3/8 inch in diameter

- Opening on top shall be distance such that a single layer of tissue placed over opening will not ignite in 10 seconds.

Food Preparation and/or Warming Devices

Devices that produce grease-laden vapors shall be ELECTRIC.

Single-well warming equipment using combustible oils or solids may be used for warming trays, e.g. “sterno”. Cooking devices shall be approved by a recognized testing laboratory such as UL.

Cooking and warming devices shall comply with the following:

- Cooking, warming devices and/or heated products shall be isolated from the public by either placing the device a minimum of 4 feet back from the front of the booth, or providing a shield between the cooking and/or warming device and the public.
- Demonstration cooking or food preparation shall not create an excessive amount of grease-laden vapors.
- Individual cooking and/or warming devices shall not exceed 288 square inches of surface area (12” x 24”).
- Non-combustible lids shall be available for immediate use for each cooking or warming device.
- The surface holding the cooking and/or warming device shall be of noncombustible material.
- A minimum of 2 feet shall be kept between devices.
- Combustible materials shall be kept a minimum of 2 feet away from any cooking and/or warming device.
- A class “K” or 2-A:10B:C fire extinguisher shall be provided within any booth that utilizes cooking and/or warming devices.
- All heat producing food preparation equipment or warming devices shall be constantly attended.

Temporary Electrical Installations

- All appliances, cords and other devices must be manufactured as a unit at the factory and be UL listed.
- An appliance or fixture is a device or machine that is operated by electricity to perform a task or function. A table lamp is one type of appliance.
- In the event that extension cords are used, they must be an approved electrical cord and be at least 14-gauge 3-wire grounded type cord. Two wire ungrounded cords (zip cords or rip cords) are NOT ALLOWED.
- The use of multi plug adapters are prohibited, except for power taps or power strips that are UL listed and are approved multiple outlet devices that are polarized and grounded with a built in breaker or fuse.
- Power strips shall be directly connected to an approved receptacle and shall not be extended through walls, ceilings, floors, under doors or floor coverings, or be subject to environmental or physical damage. Power taps or power strips are only to be used with electronic devices.
- All spliced wires, electrical devices, appliances and other equipment which are modified or damaged and constitute an electrical shock or fire hazard shall not be used.

Extension Cords

Extension cords are permitted only with portable appliances or fixtures while in immediate use, in accordance with the following:

- Each extension cord shall be plugged directly into an approved receptacle and shall, except for multi-plug extension cords, serve only one device.
- The current capacity of the cord shall not be less than the rated capacity of the appliance or fixture and shall be plugged directly into an approved receptacle.
- Neither extension cords nor strips shall be "Daisy Chained" together or plugged into each other.
- The extension cord is maintained in good condition without splices, deterioration or damage.
- The extension cord shall be the grounded type. (3- wire cord)
- Electric cords shall not be affixed to structures; extended through walls, ceilings, under doors, or run under carpet or rugs. Exception: feed cords provided by the Center with no fittings under carpet or rugs.
- Cords shall not be subject to environmental or physical damage.
- Cords across aisles shall be protected by a threshold or run above floor at a minimum height of 6'8" and supported with approved electrical strain relief devices.

Vehicles, Fuel, Tanks

The Fire Marshal's Office must be notified in advance if motorized vehicles are to be displayed during an exhibit. Display vehicles shall conform to the following requirements:

- All fuel tanks shall not exceed $\frac{1}{4}$ of the tank capacity or 5 gallons, whichever is less.
- All fuel tank openings shall be satisfactorily sealed to prevent escape of vapors.
- No vehicle shall be started or operated within building during exhibit hours.
- All battery cables shall be disconnected from the battery terminals and remain disconnected while the vehicle is inside the building. Loose cable ends shall be taped to cover all exposed metal.
- Fueling or defueling is prohibited inside the building.
- Fuel for the vehicles or equipment shall be stored in approved containers in an approved location outside the building.
- Vehicles leaking fuel or other liquids shall be removed from the building.
- LPG/CNG tanks must meet one of three requirements: 1) purge tank 2) remove tank 3) disconnect and cap tank.
- The number of vehicles being operated inside the building during set-up and tear down shall be limited to two (2) vehicles so as to limit the toxic gas inside the building.
- The location of vehicles or equipment shall not obstruct or block exit egress, exit doors, or fire extinguishing equipment.

IV. Forms

Exhibitor Equipment Dimensions Form

Waco Convention Center

Chisholm Hall, the main hall in the Waco Convention Center, is a second-story exhibit hall with an elevated floor that does not sit slab on grade. The City of Waco has defined specific maximum load capacities for heavy equipment exhibits in Chisholm Hall. Waco Convention Center Management requires that all exhibitors intending to exhibit any type of heavy equipment, either free-standing or vehicular, to comply with these maximum load capacities to prevent potential damage to the floor system in Chisholm Hall and the Waco Convention Center. Management reserves the right to request a certified weight ticket on any piece of equipment that has not already been required to submit such, but which might meet or exceed these weight limitations. Any vehicle or equipment for exhibit which will meet or exceed 100 pounds per square foot in weight must provide horizontal dimensions (width and length) of the footprint of the complete rig and unit along with a certified weight ticket indicating the total weight of the rig and unit at least two (2) weeks prior to the move-in day of the event!

Name _____

Company Name _____

Address _____

City/State/Zip _____

Phone _____ E-mail _____

Show Name/Date _____ Booth Number _____

Weight of Exhibit _____ Height of Exhibit _____

Length of Exhibit _____ Width of Exhibit _____

Please include a description of the exhibit _____
(for WCC use only)

Approved _____ Denied _____

This information will be used by management to determine which items may/may not comply with the maximum floor load capacity of Chisholm Hall. The allowable floor load capacity must focus on the overall square foot (footprint) or horizontal dimensions of the vehicle or equipment to be exhibited. A piece of equipment delivered on a truck/trailer rig, with a crane mounted on the rig must figure the maximum weight of that exhibit piece to also be dependent on the footprint of the entire rig. The number of tires and axles are not a factor in these load calculations.

Outside exhibit space is available in parking lots adjacent to Chisholm Hall and the Waco Convention Center for any items deemed to exceed the maximum floor load capacity of Chisholm Hall.

Please fax form to 254-750-5801 or mail to:
Waco Convention Center
PO Box 2570
Waco, Texas 76702-2570

Website Events Calendar Listing

Waco Convention Center
